FREQUENTLY ASKED QUESTIONS

What does this symbol mean?

MADE IN U.S.A. FMAA CERTIFIED

This FMAA Certification seal is your assurance that this product has been made in the U.S.A. of materials that are domestic in origin and that all processes in every step of the U.S. flag's manufacture were completed in U.S.A. facilities with U.S.A. labor.

Are all the flags in this catalog made in the U.S.A.?

All of the American, State, Armed Forces, International and Religious flags and all of our patriotic decorations are made in the U.S.A. with materials that are domestic in origin. Some of our Special Interest products such as the Officially Licensed sports team flags are imported. Unless it is noted on the catalog page on which they are sold, the flags are made in the U.S.A.

How are your flags made?

We manufacture our flags using the best methods of 21st century technology. U.S. flags are manufactured with advanced stand-up sewing production techniques; state, international and custom flags are digitally printed and screen-dyed to exact official color specifications; our in-house research and testing laboratories, together with the art department, are constantly monitoring dye formulas to ensure accuracy of the colors.

What is the significance of fringe on U.S. flags and other flags?

There is no significance to fringe on a flag. It is purely decorative.

Should the U.S. Flag always be folded in a triangle?

Folding the U.S. Flag in a triangle shape bestows honor and respect upon the flag. There are many traditional flag folding ceremonies that conclude by folding the flag into a triangle shape however, there is no one official or "correct" ceremony.

The Flag Code of the United States mentions that the U.S. Flag should be handled with respect but does not mandate folding the Flag into any particular shape.

What is the proper order in which to display the State flags?

State flags should be displayed from left to right, in the order that the states were admitted to the union, followed by the territories in the order that they became territories.

What is the proper order in which to display the Armed Forces flags?

When the flags of the five services are displayed together, protocol requires that they appear (from the standpoint of an observer facing them) arranged from left to right in the following order, Army, Marine Corps, Navy, Air Force, and Coast Guard.

What is the Proper Display of the POW-MIA flag?

When displayed from a single flag pole, the POW/MIA flag should fly directly below, and be no larger than, the United States flag. If on separate poles, the U.S. flag should always be placed to the right of other flags. On the six national observances for which Congress has ordered display of the POW/ MIA flag, it is flown as second in order of precedence.

Size	Item#	Price
2½' x 4' Leather Tabs	021850	$36.00
3' x 5' Leather Tabs	021900	43.50
3' x 5' Velcro Tabs	378845	43.50

Embroidered Stars

Large, vivid stars are richly embroidered with ultra-bright polyester thread or, in the case of flags 15' x 25' or larger, brilliant white star appliqués.

Color-Matched Stitching

Seams are double-needle stitched with premium, extra strength polyester thread, color-matched to stripes with back-stitch reinforcement.

Lock-Stitched Fly Ends

Four rows of of high strength lock-stitching on the fly ends reduces fraying and extends the flag's life (Six rows on larger flags).

Secure Flag Attachments

Sturdy, weather resistant brass grommets provide greater flag security in flags up to 6' x 10'. Larger flags feature a roped heading with galvanized thimble.

Fly Hem Corner Patches

Flags 15x25 ft. and larger are finished with reinforcing corner patches on the fly hem.

To determine flag size, choose a length that is between 1/4 to 1/3 the height of the flagpole.

SIGNATURE® Our Rich, Ultra-Premium Display Flag

SolarGUARD

For occasions when only the finest, highest quality flag will do. The Signature Series premium flag features a star field emblazoned with rich, oversized embroidered stars and hand-sewn stripes of lightweight, UV & weather resistant SolarGuard® Nylon. This flag's superior quality makes a great presentation and a treasured keepsake.

- *Extra Large, Ultra-Brilliant Stars*
- *Vivid, Fade Resistant ColorFast Dyes*
- *Hand-Sewn 4-Rows Lock Stitching*
- *Attractive Presentation Package*

215	4' x 6' Presentation Flag with Golden Fringe	116.20

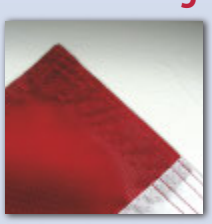
**Feature flannel-lined pole headings & Velcro tabs. Not for outdoor use.*

Oversized Stars in Brilliant Extra Heavy Embroidery

25% larger than typical stars and created by an especially dense embroidery technique using polished white thread, these stars sparkle brilliantly in the rich blue field.

Stripes Sewn with 4 Rows of Color-Matched Stitching

Seams are double-needle stitched with premium, extra strength polyester thread, color-matched to stripes with back stitch reinforcement.



100% Nylon with ColorFast Dyes

Flies in the lightest breeze, dries quickly and resists the aging effects of sun and weather.

100% 2-Ply Spun Polyester Weave

Tough-Tex is an open weave polyester engineered to let wind pass through, reducing stress on the flag.Ideal for high wind situations and flags that are flown every day.

Embroidered Stars, Sewn Stripes

Each star is densely filled with brilliant white embroidery yarn that shines brightly against the rich blue background. Sewn stripes with four rows of fray- resistant lock stitching on the fly end. Six rows of stirching on flags 8 x 12 ft. and larger.

Flags 15 x 25 ft. and larger feature corner patches on the fly hem and appliqued stars.

Weather Resistant Fast Colors

The red and blue dyes used in Tough-Tex flags are specifically formulated to resist the fading effects of weather. **One Year ColorFast Guarantee.** No other polyester flag has colors that last longer.

Secure Flag Attachments

Flags 8 x 12 ft. and larger feature roped heading. Sturdy weather-resistant brass grommets are used on smaller flags.

BULLDOG® Heavyweight Cotton Flag with Embroidered Stars & Sewn Stripes

The Bulldog flag is constructed of 100% heavyweight cotton bunting that provides a vivid color presentation with durability and a traditional look and feel.

- *100% Heavyweight Cotton Bunting*
- *Embroidered Star Field with Sewn Stripes*
- *Traditional Texture and Appearance*

All Bulldog flags are finished with lock-stitched hems, heavy duck heading and durable brass grommets. * Roped Heading

Gonzales Flag

The Gonzales flag, originally designed in 1835, has once again become popular. The flag traces its origins to a minor skirmish, the Battle of Gonzales, during the Texas revolution. The Mexican government had originally given a small cannon to the colony of Gonzales to protect itself against raids by Comanche Indians six years earlier and during the revolution was attempting to take back the cannon. The people of Gonzales successfully resisted the Mexican troops and created the handmade Gonzales flag to wave during the battle with the Mexicans, sending a message to "Come and Take It".

Elevate Your Brand with Colorful Custom Flags and Banners

Flags in all shapes and sizes, custom made for you by America's premier flag & banner manufacturer

Not just for large businesses, Custom flags are an affordable means of advertising for small businesses providing living signage that dances in the breeze and captures attention like no static sign can do.
Fly your company flag with your U.S. and State Flag.

Annin Flagmakers ★ Making Flags & Banners Since 1847

Our Renoir machines give Annin Flagmakers the largest and fastest digital printing capabilities in the United States!

- *Made in the USA with only American Labor & Materials*
- *Quick delivery-5 Day Turnaround* on orders of fewer than 50 units*
- *Pantone® Color Matching*
- *Expert Digital Dye Printing & Finishing*
- *No minimum order on flags & banner larger than 12 x 18 inches*
- *Experienced, personalized Customer Service*
- *No Set-up fees*

** after artwork is approved*

Custom Pricing in ③ Simple Steps

Because all custom flag projects are... well, custom... we have devised an easy-to-follow system for determining the cost for your specific order - regardless of quantities, materials or options.

1 ***Identify Standard Pricing Based on Item Size & Order Quantity.***
Standard pricing charts listed with each item reflect the base price of each item before applying any added features. Most items are printed one-sided with a mirror image on the reverse.

2 ***If Custom Materials or Construction is Required, Apply Multiplier from Chart***
200 Denier SolarGuard® Nylon is our standard fabric. Optional fabrics, two-sided constructions and liners are also available and and can be priced using the Materials & Construction Multiplier Chart.

3 ***Add-On Costs for Finishing Options - if applicable***
Many items can be further customized with non-standard options such as Fringing, Pole Sleeves, Roped Headers, etc. Pricing for Add-Ons listed with each item if applicable.

Optional Fabrics

210 Denier High Tenacity Nyl-Glo
Same cloth treatment as standard Nyl-Glo but heavier and more durable. Perfect for windier conditions.

70 Denier High Tenacity Nyl-Glo
Same cloth treatment as standard Nyl-Glo but light-weight and just as durable. Finer yarn yields the greatest color penetration and vibrancy.

Material & Construction Multipliers

Item	Multiplier
210 Denier Nyl-Glo Fabric	x 1.1
70 Denier High Tenacity Nyl-Glo Fabric	x 1.2
Double Sided without Liner	x 1.9
Double Sided with Tyvek Liner	x 2.1
Double Sided with Block Out Liner	x 2.2
Single Sided with Double Tyvek Lined Seal	x 1.8
Stock Nylon Backliner	x 1.6

Pricing Example: 2-Sided 2' x 3' Custom Flag with Tyvek Liner & Fringe

① Standard Price:		② Custom Multiplier		③ Add On		TOTAL PRICE
$87.98	x	2.1	= $184.76	+	$12.00 (1.5/ft x 8)	= $196.76

Artwork Preparation

In order to obtain the best reproduction of your artwork, logo and graphics, it is important that all electronic artwork be prepared properly. In general, raster images (bitmapped jpg, tiff or PhotoShop files) need to be provided full-size and at a minimum resolution of 150 ppi. Vector art (ai, eps or pdf files) should be created either full-sized or in scale according to the dimensions/proportions of the flag or banner involved. Pantone® color matching is an integral part of our process so please specify PMS colors when necessary.

If your art is not print ready, or if assistance is required to create your artwork, our creative team is available, at an additional cost, to assist you in creating original artwork or adapting your artwork to a desired flag or banner.

Submitting Artwork for Anco-Dyed Printing:

Vector Art should be created to scale. Fonts converted to outlines. Uncoated PMS colors specified as necessary. ***Accepted formats***: .ai, .eps, or PDF. Color mode: RGB

Raster Art should be created full size at a minimum of 150 ppi. PhotoShop or Tiff formats are preferred. JPEG files may be used, but can result in diminished results due to image compression. Raster files are printed as-is, unless formatted as an RBG Indexed file with no more than 25 colors. In this format, color changes can be made if necessary.

Choosing uncoated PMS colors produces the closest color match.

Art Creation Charges:

Art Charges are billed at $100 per hour. To create print-ready art, a clear image is required with colors indicated as necessary. A color rendering of the created art will be provided for approval.

Note: we make every effort to match colors as closely as possible, but for specific colors PMS numbers are required. If PMS numbers have not been specified we cannot be held responsible for color matches once an item is manufactured.

Promotional Flags & Banners

Communicate, Promote and Command Attention with Flags & Banners

They wave and flutter and glow with the light of the sun! Nylon Flags & Banners Fly in the Lightest Breeze and Catch the Eye

MADE IN THE U.S.A.

Custom Vertical Banners - First-Class Flyers

These side-mounted lightweight banners flutter and fly in the slightest of breeze, bringing your promotional message and graphics to the attention of any passerby. Finished on the vertical side with a sturdy poly/duck pole sleeve and hemmed on three sides, these banners are easy to use and tough enough to stand up to long-term outdoor display.

- *Side-Mounted for Maximum Flutter*
- *Available in a Wide Ranges of Sizes*
- *ColorFast Dyes with Pantone Color Matching*
- *Made Only with American Labor & Materials*
- *200 Denier SolarGuard® Nylon*

For best results use with flexible, fiberglass poles - see previous page.

Golf & Racing Flags

All numerals are sewn to look better, wear better, and give the course a professional appearance. It is very important that you indicate size, colors and numerals with your order.

There are 9 flags to each set in the official 14 x 20" size: Outgoing Flags are numbered 1 to 9; Incoming Flags are numbered 10 to 18. Self heading and mounted on golf tubes. The fly ends are reinforced with strong nylon thread. Each set is neatly boxed.

TANGLE FREE SPINNING POLES

Five or six feet long, these poles are available in either a brushed aluminum or white finish. The top forty inches of the pole rotates on ball bearings so the flag will always hang free. There is no need for an unfurling tube.

Each pole is supplied with a ball top, two flag fasteners for flying a traditional flag with grommets and also with a snap and swivel ring for displaying banner type flags with pole sleeves. All models will fit one-inch brackets.

NEW

8ft. Spinning Pole and 4x6 ft. Nyl-Glo® U.S. Flag Set

IDEAL POLE FOR LIGHT COMMERCIAL USE

Ideal for Municipal Buildings, Schools, Fire Houses and Shopping Centers, this pole is an affordable alternative to costly, commercially available wall mounted flagpoles.

The top half of pole rotates on ball bearings so the Flag will always wave free. No cords or rope to break or tangle.

The pole measures 8 ft. by 2 in. with a wall thickness of .0511 in. and is supplied with a heavy-duty cast aluminum base that can be mounted on a wood or masonry wall. The base holds the pole at a 45° angle.

Material Description

DESCRIPTION OF MATERIALS

Bulldog - Heavyweight cotton spun from sturdy 2-ply carded yarns. Vat dyed in limited colors. Bulldog fabric is most often used today when recreating an authentic historical look and feel of a time gone by. Replaces Defiance.

Colonial Nyl-Glo - Describes flags made of 200 Denier SolarGuard® Nylon for indoor or parade use featuring flannel lined pole headings, Velcro tabs and Golden Yellow fringe.

Empire Brand - Lustrous silk-like, Empire brand Flags are Lightweight 70 Denier Nylon, Anco-dyed in brilliant colors from 4 x 6 inches up through 24 x 36 inches.

Nyl-Glo - Describes flags made of 200 Denier SolarGuard® Nylon for outdoor or indoor use. Strong and durable, special parachute cloth treatment reduces sun and chemical deterioration.

210 Denier High Tenacity Nyl-Glo - Same cloth treatment as standard Nyl-Glo but heavier and more durable. Perfect for windier conditions.

70 Denier High Tenacity Nyl-Glo - Same cloth treatment as standard Nyl-Glo but lightweight and just as durable. Finer yarn yields the greatest color penetration and vibrancy

Reliance - Selected heavy cotton sheeting, dyed for Annin for maximum appearance values. An exceptional buy for the budget minded. Used mainly for U.S. Flags and Decorations.

Republic - A blend of polyester/cotton having a "hand" similar to Reliance. All printed 3 x 5 ft. US pattern - used for home flag sets.

Tough-Tex - 2 Ply, 100% woven, spun Polyester, this is the most durable flag material ever created. With the look of cotton, Tough-Tex material was designed for Annin and engineered especially for industrial, commercial or institutional use or wherever severe climactic conditions exist. Accept no imitations.

Verona Brand - The popular stick-flag material made of 70% Polyester / 30% Cotton. Color fast U.S. flags available in traditional spear tip or Saf-T-Ball style.

Item #3308

Dealer Sales Aids are sold at or below cost to Annin's Flag Dealers. Many are offered free. See Net Price List or Call Customer Service for Prices.

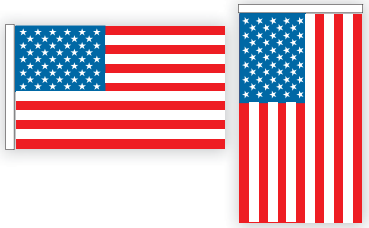
**Designs may vary depending upon availability.*

FLAG ETIQUETTE

GENERAL DISPLAY

It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaffs in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness.

1

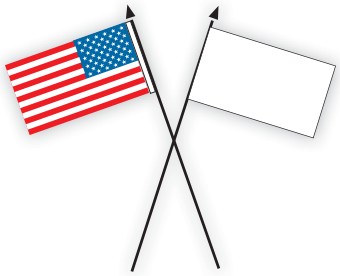


1. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left. When displayed in a window, the flag should be displayed in the same way, with the union or blue field to the left of the observer in the street.

No other flag or pennant should be placed above, or, if on the same level, to the right of the flag of the United States of America, except during church services conducted by naval chaplains at sea; for personnel of the Navy; when the church pennant may be flown above the flag.

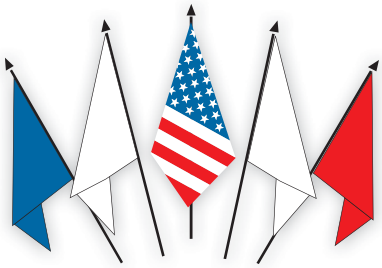
No person shall display the flag of the United Nations or any other national or international flag equal, above, or in a position of superior prominence or honor to, or in place of, the flag of the United States at any place within the United States or any Territory or possession thereof; Provided, that nothing in this section shall make unlawful the continuance of the practice heretofore followed of displaying the flag of the United Nations in a position of superior prominence or honor, and other national flags in positions of equal prominence or honor, with that of the flag of the United States at the headquarters of the United Nations.

4



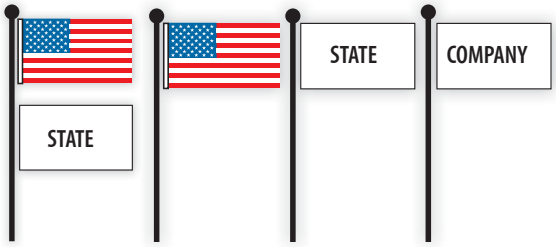
4. The flag of the United States of America, when it is displayed with another flag against a wall from crossed staffs, should be on the right, the flag's own right, and its staff should be in front of the staff of the other flag.

5



5. The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.

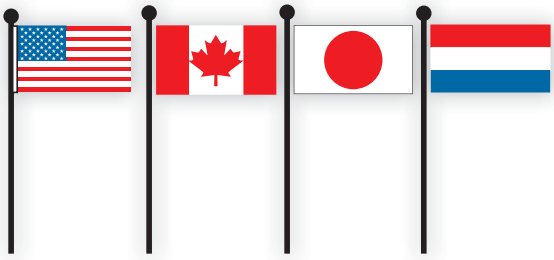
2 3



2. When flags of States, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak.

3. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.

6

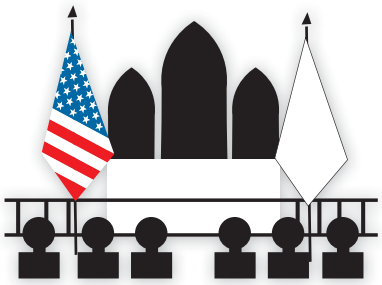


6. When flags of two or more nations are displayed, they are to be flown from separate staffs of the same height. The flags should be of approximately equal size. International usage forbids the display of the flag of one nation above that of another nation in time of peace.

CHURCHES & AUDITORIUMS

7. When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. When displayed from a staff in a church or public auditorium, the flag of the United States of America should hold the position of superior prominence, in advance of the audience, and in the position of honor at the clergyman's or speaker's right as he faces the audience. Any other flag so displayed should be placed on the left of the clergyman or speaker or the right of the audience.

7



HALF-STAFF

The flag, when flown at half-staff, should be first hoisted to the peak for an instant and then lowered to the half-staff position. The flag should be again raised to the peak before it is lowered for the day. On Memorial Day, the flag should be displayed at half-staff until noon only, then raised to the top of the staff. By order of the President, the flag shall be flown at half-staff upon the death of principal figures of the United States Government and the Governor of the State, territory or possession, as a mark of respect to their memory. In the event of the death of other officials or foreign dignitaries, the flag is to be displayed at half-staff according to Presdential instructions or orders, or in accordance with recognized customs or practices not inconsistent with law.In the event of the death of a present or former official of the government of any State, territory or possession of the United States, the Governor of that State, territory or possession may proclaim that the National flag shall be flown at half-staff.

NOTE: the U.S. flag should always be on its own right in relation to other flags on adjacent staffs – to the left of the observer – except when displayed as in #5.
